**Persons and Ballots for Butler County Precinct 09-P-AEF**

Legend: — Registered (blue line), — Ballots (red line)

The graph displays the distribution of registered voters and ballots cast by age group. The x-axis represents age from 0 to 110, and the y-axis represents the count of persons or ballots. The blue line represents registered voters, and the red line represents ballots cast. Both lines show a similar trend, with a major peak around age 60 and a secondary peak around age 40. The number of ballots cast is generally lower than the number of registered voters across most age groups.
